About the Programs

Every student of this program is a mission for us.

- The course unmatched in its rigor and precision, will raise the student to the peak of their preparation.
- A special dedicated Batch consisting of up to 20 students is formed to provide concentrated efforts, highest academic and administrative care to produce top ranks.
- The stimulating atmosphere of the institute, small batches and one to one interaction with the instructor, helps and guides the aspirants at multiple levels, creates an optimum environment, ensure that every rough edge is smoothed, every small doubt is cleared.
- More importantly, we train you to think analytically, we give you a systematic approach to problem solving- a must for all exams like IIT-JEE | NEET.
- Students will be simultaneously prepared for Board Exams, NTSE, KVPY, Olympiads (if needed) along with IIT-JEE & NEET preparation.
- Dedicated academic operations team to provide feedback whenever needed.

Why CV Raman is the best choice for your child?

Small Batch Size

Our Classes have an impressively low student-teacher ratio of 20:1. Small class sizes and an inspiring and highly qualified teaching faculty ensure that students get the absolute most out of their course. The benefits of a small batch size are

- Each Student Gets Noticed
- Better Results
- Learning is Enhanced
- Classes Becomes a community
- Opportunities to participate
- More Feedback
- Ideas Are Shared

Munusamy
Tirunelveli
Medical
College

Our Student Care Mantras

Continuous monitoring of the student's performance subject wise, topic wise. Find the areas where he lacks & needs to focus more & thereby work to enhance the performance of the student

An individual mentor will be allotted to each student who will continuously motivate students and make them give their best....

Identifying the ability of the student through CV RAMAN Diagnostic Test and coaching strategy will be planned accordingly

Based on CV RAMAN 360 Degree Student Analysis, goal setting will be done.

- Attendance Report SMS to Parents
- Test Reports SMS to Parents
- Progress Reports mail to Parent
- Continuous Mentor - Student Interactions

Rithik Kumar K A
NIT, Trichy

CV Raman has greatly helped me. They were pivotal for my success. The tests they conducted, the faculty available and their guidance were very helpful. They teach both on a class to teacher basis and student - teacher basis. Their individual care was greatly helpful. They carved and chiseled on me for four years and made me into a beautiful statue. I will always be grateful to them.

VENKATESH R
NIT, TRICHY

CV Raman has been a key part of my academic life right from 6th grade. The faculty there have the fluency in teaching concepts, and they cleared my doubts then and there. During the final two months of preparation, I had a lot of doubts across all subjects, even during very hectic times like that, I always got my doubts cleared immediately.

The atmosphere there is always friendly and welcoming. The study materials they provide are top notch, the problems in them are of very good quality. They do regular testing with the JEE scoring pattern which gets you familiar with that exam's pressure and helps you with time management skills.

CV Raman has taught me not only how to score in JEE but also how to prepare for any test I come across. I'm really grateful to CV Raman for all they've done

MEDICAL COLLEGE

CV Raman Academy was of great help to me. The study materials and the constant periodic tests proved to be really helpful. Faculty never failed to lift up our spirits, thanks to their valuable support. When it costs an arm and a leg to study in a coaching institute, CV Raman talent hunt was just like a blessing in disguise. Their "zero fee" policy made me pass with flying colors. I will always be grateful to them

ARIHANT KRISHNA KUMAR
BITS, HYDERABAD

Hi, I am Arihant K and I was a student of C.V raman - batch 2018 - 2019. Having achieved 1st rank in The Hunt for C.V Raman exam, I got a chance to study there with zero fees and 100% scholarship.

The faculty in CV Raman, consisting of IITians, and NITians, were well experienced and I benefitted from their unique approach to solving the toughest problems of JEE. They were very approachable and not only cleared my doubts, but also gave me the motivation to score well in my JEE exam as well as all other entrance exams.

The study material, had many challenging but interesting problems, and a clear and concise explanation of all concepts.

Arihant
